

Car Club Plays Grid Game for Yule Donations

Kings Car Club members discarded automobiles in favor of their legs Sunday, when they clashed with the Rebel Car Club of Redondo Beach in a football game at Sea Hawk Bowl.

Spectators to the 2 p.m. game were asked to donate a can of food which will be distributed to needy families at Christmas time.

Last year the Kings provided food and clothing for 17 families and repaired and repainted 500 toys which were distributed to young Harbor General Hospital patients.

Deficit of Pool Tabbed at \$11,000

Operation of the Victor Benstead Plunge during the summer will cause a deficit of approximately \$11,000, Harry B. Van Belleham, director of the Recreation Commission reported last night.

He told the Park and Recreation Commission that attendance of the pool was 80,249, with revenues from attendance and concessions estimated at \$19,000.

He pointed out that a considerable portion of the deficit is for costs incurred in keeping the plunge in repair.

TREE TRIM ORDERED

The park department was ordered to trim trees on Madrid St. between Sierra and Maricopa Sts., following complaints by residents. The City Council also gave permission to chop down a tree in front of 810 Madrid.

Scientist Speaks to Teachers

Dr. Joseph Kaplan, chairman of the U. S. National Committee for the International Geophysical Year, will tell Torrance teachers about the increasing importance of science in the school curriculum Tuesday.

The teachers will gather at 4 p.m. in Torrance High Auditorium for a special teachers' institute. These are held periodically to acquaint teachers with new educational developments.

Dean of physics at UCLA, Dr. Kaplan has been a faculty member there for 30 years. He organized the Institute of Geophysics at UCLA and is former director. He organized a war program in meteorology at UCLA, and from 1943 to 1945, was on leave as chief of the Operations Analysis Section of the Second Air Force and later for the Air Weather Service.

Holder of many awards for outstanding service, he now heads the U.S. participation in the International Geophysical Year. He also is president of the International Assn. of Geomagnetism and Aeronomy.

Freeway Outlook—New Try

The South Bay cities "missed the boat" in obtaining construction funds for the San Diego Freeway.

That was the opinion of Councilman J. A. Beasley, Torrance's representative to the Inter-City Highway Committee which vainly pleaded for funds to extend the freeway through Torrance and the South Bay cities.

Of a \$810,000,000 plus budget, approved by the State Highway Commission, only a relative dribble went for San Diego Freeway construction in this area.

Aside from the \$2,500,000 appropriation for structures on the freeway between Manchester Blvd. and Vesta St., Inglewood, the rest of the San Diego funds went for sections in Long Beach.

"We missed the boat, but we'll try harder. I think we warranted more consideration," Beasley said.

Candidates See No Tax Cuts

There is no immediate hope for individual or corporation taxes.

This was one point agreed upon by both Congressman Cecil R. King, Democratic incumbent, and his Republican rival, Leonard DiMiceil.

Both candidates said that in view of the international situation, they do not foresee any tax slash in the near future.

They made their replies in answer to questions put to them by a panel during a Meet the Candidate Breakfast sponsored by the Torrance Chamber of Commerce Tuesday in the Civic Auditorium.

DiMiceil blamed the huge federal spending on too much "big government," while King placed the blame on the international tension.

Calle Miramar Sewer Pact OK'd

Contract for construction of a storm drain to alleviate flood conditions in Hollywood Riviera was approved by the City Council Tuesday.

The job was awarded to the ABC Construction Co. on its low bid of \$27,310.

The drain will be installed in Calle Miramar from Paseo de la Playa to the ocean.

CHRISTMAS KETTLES

The Salvation Army was granted permission to place Christmas Kettles on Torrance streets.

PROTEST DUST

Protests over dust from El Nido Park, were made by nine residents of the area to the City Council Tuesday.
